9 PHYSICAL AND CHEMICAL PROPERTIES

Appearance: Milk white liquid

Density: 1.0g/ml

10 STABILITY AND REACTIVITY

Stability: Stable under normal conditions

Conditions to avoid: Extreme temperatures

Materials to avoid: None specific

Hazardous decomposition products: None

11 TOXICOLOGICAL INFORMATION

Acute toxicity: Considered to be practically non toxic

Irritancy skin: Non irritant

Irritancy eye: Non irritant

Irritancy respiratory system: Non irritant

Skin sensitisation: Non sensitising

Chronic effects: None known

12 ECOLOGICAL INFORMATION	
Mobility:	Soluble in water
Persistence and degradability:	Degradable
Bioaccumulation potential:	None
Ecotoxicity:	None

13 DISPOSAL
Dispose via the Local Waste Authority or licensed waste disposal contractor.

14 TRANSPORT INFORMATION	
Sin number:	n/a
Class number:	n/a

15 REGULATORY INFORMATION		
MAFF number: n/a		
Labelling information:		
Health: n/a	Physio-chemical: n/a	Environment: n/a

16 OTHER INFORMATION
The information provided in this Safety Data Sheet is correct to the best of our knowledge at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification, since the conditions of the operations mentioned are beyond our control. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process unless specified in the text. pbi disclaims any liability for loss or damage resulting from the use of these data, information or suggestions.
